GREENWICH AT KELLOGG CLOSURES THIS WEEKEND FOR BRIDGE WORK
Closure allows for safe placement of girders as work on East Kellogg progresses

WICHITA, KS – Greenwich will close at Kellogg for two consecutive weekends, beginning 7 p.m. on Friday, October 26. The closures are necessary to allow for safe placement of bridge girders above the Greenwich intersection.

The first closure will be from **7 p.m. on Friday, October 26, until no later than 5 a.m. Monday, October 29**. Left turns will be prohibited in all directions. Greenwich traffic will not be able to cross Kellogg and will have to turn right onto Kellogg. Northbound Greenwich will detour to the U-turn at Zelta. Southbound Greenwich will detour to the U-turn at Rock Road.

A second closure is tentatively scheduled the following weekend, beginning November 2

Alternative routes are recommended during the closures.

A link to the map can be found [here](#).

The multi-year construction projects are a partnership between the City of Wichita, Kansas Department of Transportation and Kansas Turnpike Authority.

Construction on the first East Kellogg Improvement project started in August 2015 and includes a redesigned Kellogg and Webb intersection and widening of Kellogg from Webb to Greenwich. It is expected to be completed in 2019. A second project, started in 2016 and expected to be completed in 2021, continues widening Kellogg to a six-lane freeway between Greenwich and K-96. In addition, new ramps will be constructed for southbound I-35/KTA to westbound US 54 and eastbound US 54 to both northbound and southbound I-35/KTA.

Drivers are encouraged to plan ahead and stay informed to improve their travel during these changes and throughout the project. More information is available at www.e54ict.com and via Twitter at @E54ict.
